

PSAC Activist Café & Mass Meeting to Stop the Cuts

Join us at the Toronto Regional Office for an “Activist Café” followed by a Stop the Cuts community meeting at Dufferin Grove Park. We will discuss strategy in the Greater Toronto Area for the upcoming Provincial Election, and our fightback campaign against massive cuts to the federal public service.

The purpose of the afternoon Stop the Cuts meeting is to form a broad-alliance against cuts to public services in Toronto. PSAC has been invited, along with dozens of other unions, community organizations and residents to develop a People’s Declaration in defence of public services. Our members, their families and communities are affected by municipal and provincial service cuts and the PSAC needs allies to oppose cuts in the federal public sector to ensure quality public services for everyone.
